

Michael's Cover Letter

"Choose a job you love and you will never have to work a day in your life." – Confucius.

I have found the work I love. As a project manager at a commercial painting company or a team manager for an auto racing team, I enjoy putting together people, resources, deadlines and finances. The final outcome is a quality service that pleases the client.

To accomplish this requires high levels of coordination, detailed planning, creativity and the ability to get staff excited about quality services. This is my passion.

I am interested in joining a team that will utilize my skills, experience, creativity and provide me an opportunity to continue grow professionally.
